Sprue Brothers Models LLC (SBM) was founded by Gordon Kwan. Although the company had been formed in 2004, Gordon had his roots established in 1999 when he began selling models on eBay part time and at model shows. As the years went by, the number of items sold grew considerably. After four years, he took the plunge, left his full time employment, and formed SBM.

The founding philosophy of SBM was to treat our customers the way Gordon wanted to be treated as if he was the customer (he expected a lot too). This evolved into our four main principles of our mission statement which is to: 1) provide old fashioned customer service; 2) provide our products at competitive prices; 3) have in stock what is offered for sale; and 4) ship all orders immediately.

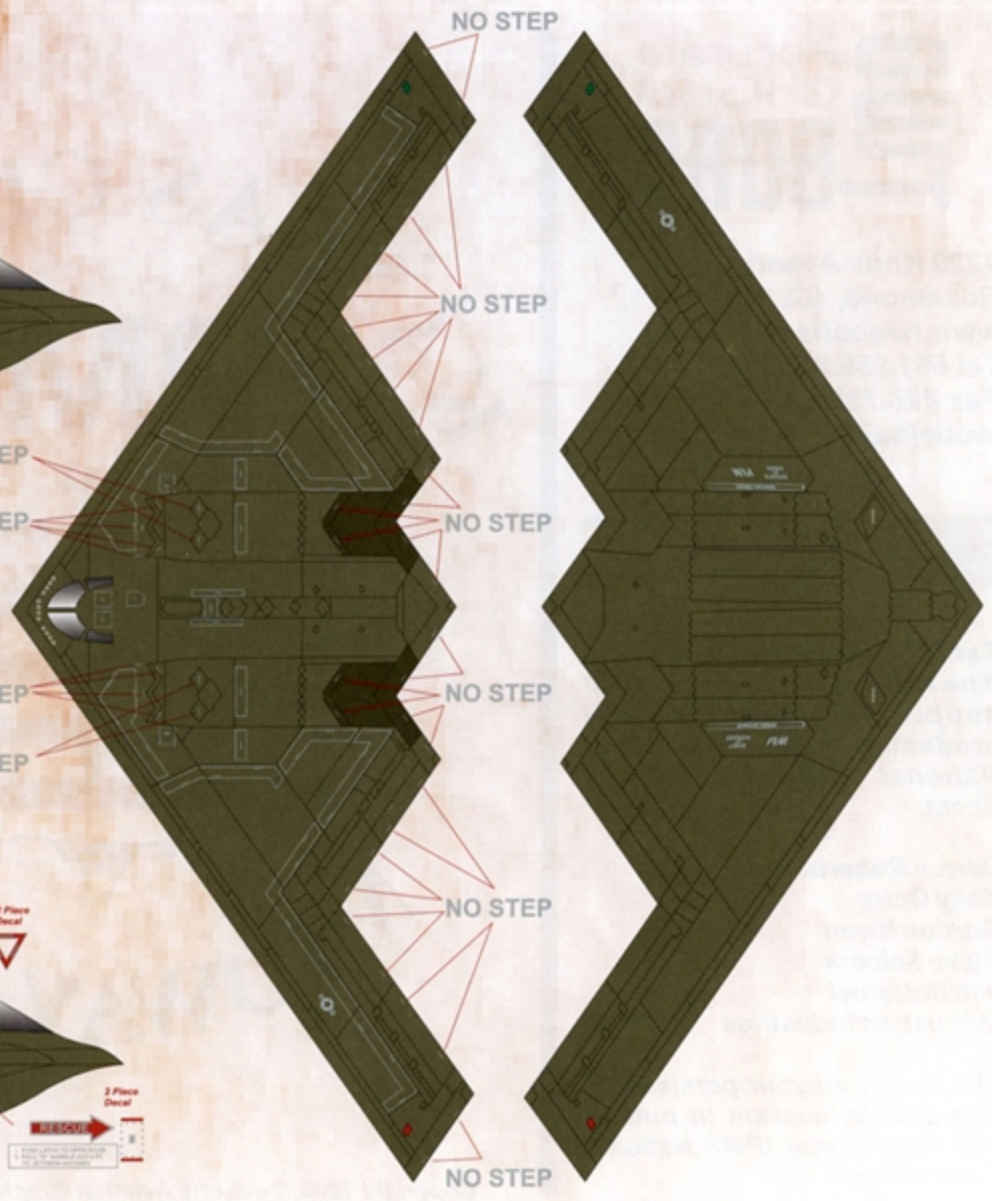

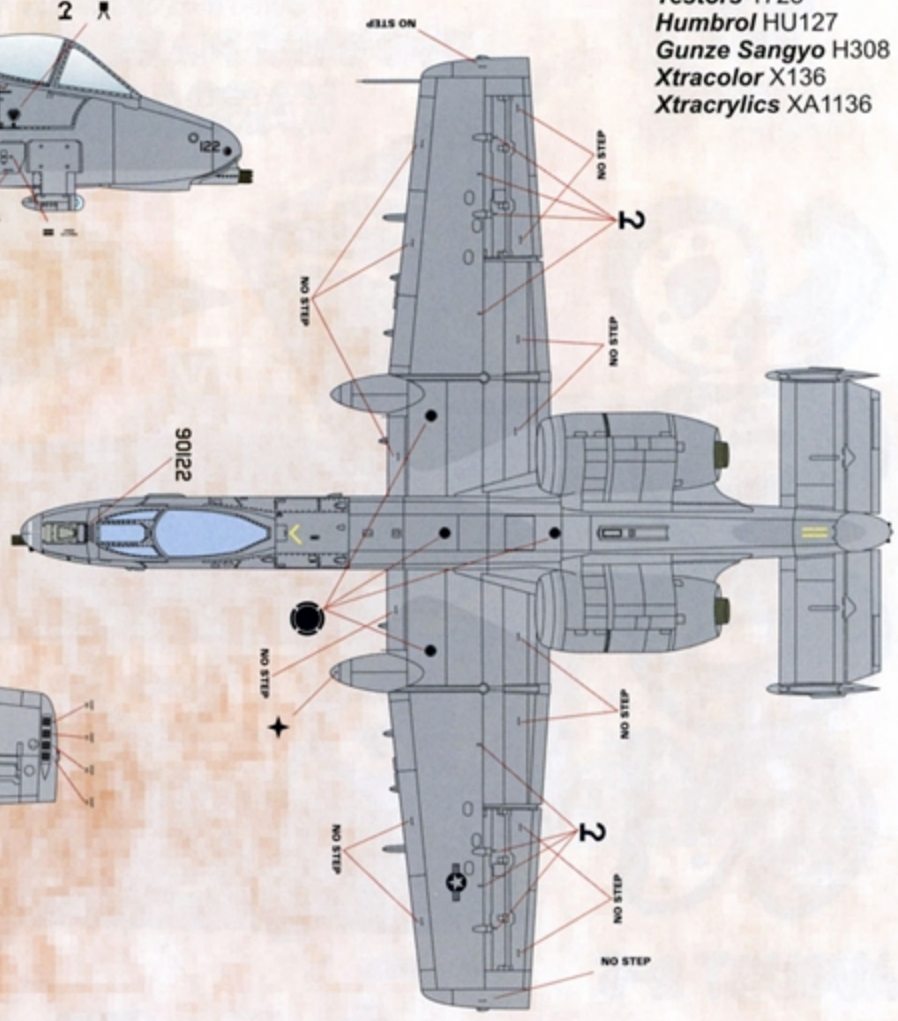

Sprue Brothers is a sponsor of this year's IPMS National Convention decal sheet.
