More than anyone else though, we'd like to thank Paul Osborne. He has documented these aircraft like no other and his subject matter expertise on these was truly indispensable. He really took us to task on these and made sure these aircraft were represented as accurately as humanly possible. Thanks for all your help Paul!

Some other notes on these aircraft:

All of these aircraft had white main and nose gear wells. The insides of the gear doors were also white.

62-4301 - Both nose gear and nose wheel are gloss white. Main gear and wheels are painted white also. The ILS reflector is yellow with the back being aluminum.

62-4299 - Nose gear is painted aluminum but nose wheel is gloss white. Main gear and wheels are white also. ILS reflector is yellow.

62-4347 - Nose gear is natural metal but nose wheel is gloss white. Main gear and wheels are aluminum.
