On early 2000's the Bell 206/ OH-58A "Sayfan" were on their last years on operational duty. The traditional yellow badge was replaced to a white one. The precut mask does not include the mask for the Bell 206's Yellow V. Below we provide the measurements of it in 1/48 scale. Helicopters are painted in FS 30145 Brown.

The Bell 206 / OH-58A ended their operational service in 2003 and remained in service with the IAF Flight Academy. Serving there brought to repaint the helicopters as a trainer in the colors of White and Red FS 11136. Paint first the glossy white and use the photos on this page and the next one to see how to mask the paint the red color.
