## EC 135 Helicops

Der aus der erfolgreichen SAT.1 Action-Serie bekannte Hubschrauber basiert auf einem EC-135, einem super-modernen Leichthubschrauber. Anders als die „serienmäßigen“ EC-135 weist der Helicopter der Fernsehserie ein ausfahrbares Zusatztriebwerk auf (Twin VFX-Booster) und zwei EMP-Kanonen sowie eine kugelsichere Hülle. Im Mittelpunkt der schlagkräftigen Spezialeinheit des HeliCops-Teams steht der EC-135 High-Tech-Hubschrauber: Kugelsicher und mit Infrarotsensoren, Super-Richtmikrofonen und einer Impulskanone ausgestattet. Karl „Charly“ von Schumann ist der einzige, der das hochmoderne Fluggerät bändigen kann, an seiner Seite der Navigator und Computerfreak Stephan Rubelli. Ein großer Teil der Action in „HeliCops – Einsatz über Berlin“ entsteht durch Computersimulation, die in ihrer Form für eine deutsche Produktion einmalig ist. „HeliCops – Einsatz über Berlin“ bedeutet intelligente High-Class-Action.

## EC 135 Helicops

The helicopter that became famous in the successful SAT.1 action series is based on an ultra-modern light helicopter, the EC-135. Unlike the production EC-135, the helicopter in the television series has an extendable twin VFX booster engine and two EMP cannon as well as a bullet-proof body shell. This combat-effective special unit of the HeliCops team is centred on the high-tech Eurocopter EC-135: bullet-proofed and equipped with infra-red sensors, super directional microphones and an electro-magnetic pulse cannon. Karl "Charly" von Schumann is the only person who can control this ultra-modern aircraft. At his side he has his computer-freak navigator Stephan Rubelli. A great deal of the action in "HeliCops - Action over Berlin" is created by computer simulation, which is a unique form for a German production. "HeliCops - Action over Berlin" equals intelligent high-class action.
