Magnificent Mustangs Part 3

Capt. Clarence 'Bud' Anderson
Late 1944

Dark Green

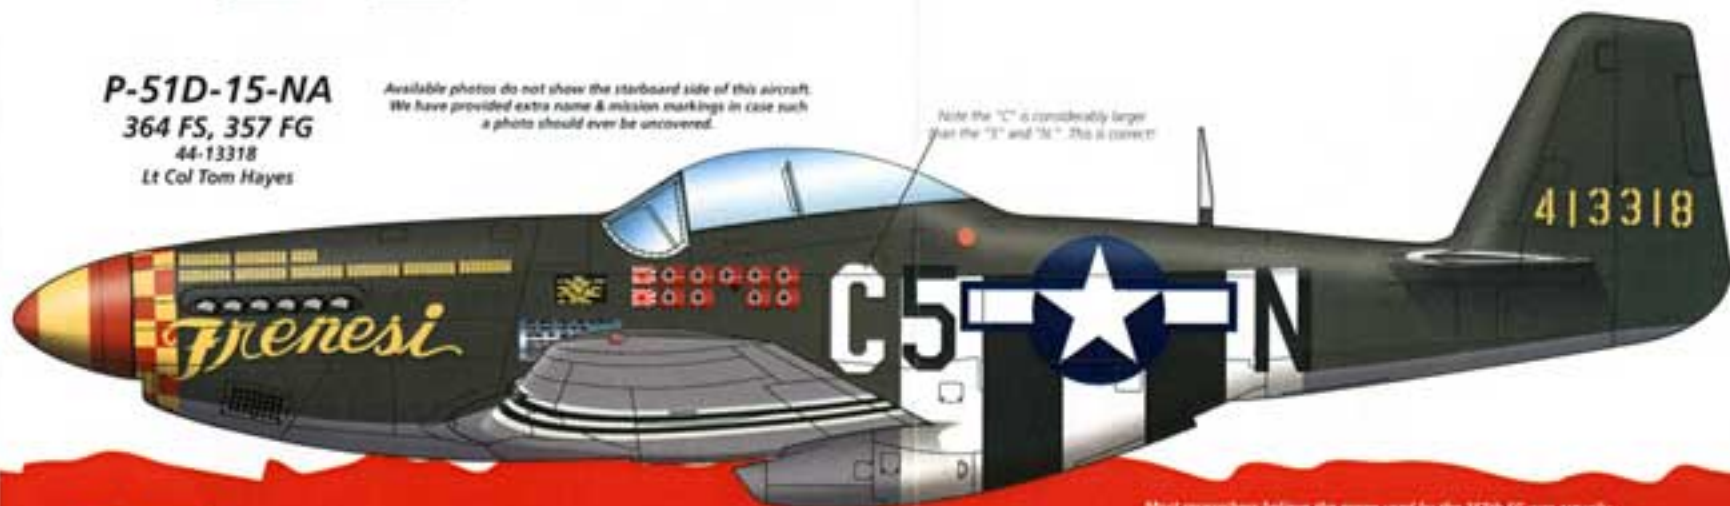

Neutral Gray

We are indebted to Bud Anderson & his son, Jim Anderson, for technical information on "Old Crow"

P-51D-15-NA
364 FS, 357 FG
44-13318
Lt Col Tom Hayes

Available photos do not show the starboard side of this aircraft. We have provided extra name & mission markings in case such a photo should ever be uncovered.

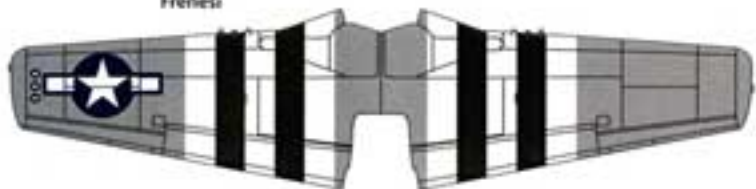

Note the "C" is considerably larger than the "S" and "N". This is correct!

Most researchers believe the green used by the 357th FG was actually British Dark Green. There is some disagreement about the undersides, some believing them to be painted Neutral Gray, and some former pilots and crew recalling they were left natural metal.
